

## Invitation

Dear Colleagues,

We would like to invite you to the 14<sup>th</sup> Virtual Colonoscopy Course for radiologists.

In this three day hands-on workshop, 50 CTC cases will be studied in small groups under guidance of expert radiologists. Each case will be analyzed by the course attendees using advanced image processing software, followed by a plenary case assessment by the faculty based on full surgery and pathology reports. Individual doctor to doctor training is the essential basis of this course.

Several lectures, given in a multidisciplinary setting by international clinical experts, will focus on guidelines and practical handling of the scan and imaging technique, bowel preparation, clinical impact, radiation dose considerations etc. After this course, the attendee should be able to introduce, perform and analyze CTC in his or her department.

This course is facilitated by the Philips Healthcare CT Academy. The workstation used during the course will be the Philips IntelliSpace Portal including 2D and 3D reading, CAD for polyp detection and electronic cleansing.

Looking forward to welcome you in Amsterdam,

P.C.G. Simons, MD PhD  
[psimons@viecuri.nl](mailto:psimons@viecuri.nl)

## Location, Address

### **Bilderberg Garden Hotel**

Dijsselhofplantsoen 7  
1077 BJ Amsterdam

### **From Schiphol Airport**

A taxi will cost approximately € 38.00. There is a Connection Shuttle Bus 2 times an hour. The Bilderberg Garden Hotel is the first stop from the airport. A one way ticket costs € 17.00 or € 28.00 for a return ticket.

This workshop is jointly organized with ESGAR.

Supported by **Philips**

## Faculty Board

### Organizing committee:

**P.C.G. Simons**, MD, PhD, Course Director  
Dept of Radiology VieCuri MC Venlo,  
the Netherlands

**M. Bassi**, MD, Dept of Radiology  
Ospedale del Delta di Lagosanto, Ferrara, Italy

**D. Eason**, MD, Dept of Radiology,  
Raigmore Hospital NHS Highland, NHS Scotland

**L. Lambert**, MD, PhD, Dept of Radiology  
Charles University in Prague and General  
University Hospital in Prague, Czech Republic

**L. Meiss**, MD, Dept of Radiology Meander  
Medical Centre Amersfoort, the Netherlands

**M.T. de Witte**, MD, Radiologist  
Mitralis DC Heerlen, the Netherlands

### Invited speakers:

**E. Dekker**, MD, PhD, Academic Medical Centre,  
Amsterdam, the Netherlands

**J. Vogelaar**, MD, PhD, VieCuri MC Venlo,  
the Netherlands

## Registration / Fee

**Course Registration Fee** (excl. travel costs):

**Radiologists:** € 995,-

**Residents or Technicians:** € 695,-

Course language: English

Accredited by the NVvR (Radiological Society of  
the Netherlands) for **16 points**.

An application has been made to the  
UEMS/EBR for CME accreditation of this  
event/material.

Registration before 1 October 2017 at:

[www.virtualcolonoscopyacademy.com](http://www.virtualcolonoscopyacademy.com)

## Thursday 2 November 2017

09:15 Registration and Welcome

09:45 Indication CTC

10:15 Technique CTC

10:45 Coffee break

11:00 Introduction to the software

11:15 Case reading

13:00 Lunch break

13:45 Polyp prevalence, morphology and  
natural history

14:15 Case reading

15:30 Pitfalls in CTC

16:00 Coffee break

16:15 Case reading

17:15 Tips and Tricks

17:45 End of day 1

## Friday 3 November 2017

09:00 Center Lumen Line

09:30 Case reading

10:30 Polyps and colorectal cancer: the  
gastroenterologist's view

11:00 Coffee break

11:15 CTC in Screening

11:45 Case reading

13:00 Lunch

13:45 Patient Preparation Protocols

14:15 Case reading

15:45 Coffee break

16:00 CTC, the surgeon's view

16:30 Case reading

17:30 End of day 2

Drinks and finger food

## Saturday 4 November 2017

09:30 Serrated Pathway

10:00 Case reading

11:00 Coffee break

11:15 Low dose CTC and new techniques

11:45 Case reading

12:45 Residents corner

13:30 Lunch

14:15 Diverticulosis and diverticulitis

14:45 Case reading

15:40 Closure
